

Basic information

- The advertising carriers are broadcasting still pictures («static») or spots («full-motion video»).
- Static images and movies are possible.
- Each advertising carrier is assigned to a product network. Each product network plays the content synchronously.
- You will find site plans of all the networks on the [calculator](#).
- The spot length is set according to the booking.

Spot

eBoards allow the following creative implementations:

1. Static

The «static» format is a classic still picture (no animation).

2. Static splitscreen

The «static splitscreen» is a classic still picture (no animation) that appears along with weather information.

3. Full-motion video

The «full-motion video» is a self-contained spot.

Design tips

- Simple and clear message
- Distinctive colors
- Minimum font size 32 pixels

We would be glad to advise you on the creative implementation or to provide examples for inspection.

Production partners

We recommend that you work with a specialized production company for the creation of your advertising medium. We would be happy to send you a suitable offer or to let you know a selection of possible partners on request.

Technical check of digital advertising medium

Before delivering your digital advertising medium, please check it against our specifications.

Static / Static splitscreen

You can use the «XnView» tool for these checks. It can be downloaded at xnview.com. Open the JPEG file there and, using the «view» icon (or the key combination «Ctrl+Enter»), check if the features listed on the right-hand side are correct.

Full-motion video

You can use the «MediaInfo» tool for this check. It can be downloaded at mediaarea.net. Open the tool in *HTML* view and then check your file. The spot must correspond to the booked length.

Contact

Should you have any questions, please contact our digital logistics:

Phone +41 58 220 79 55

E-Mail: logistik.digital@apgsga.ch

Delivery

Please upload your digital advertising media to www.apgsga.ch/myapg **no later than 5 working days prior to the first broadcast.**
