

Basic information

- The digital screens are broadcasting still pictures («static») or spots («full-motion video»).
- Static images and movies are possible
- Each digital screen is assigned to a product network. Each product network plays the content synchronously.
- You will find site plans of all the networks on <https://products.apgsga-airport.ch>.
- Choose your preferred spot length:
 - 10 Seconds
 - 15 Seconds
 - 20 Seconds
 - 30 Seconds
 - 40 Seconds
 - 60 Seconds
 - 120 Seconds

Spot

eBoards allow the following creative implementations:

- **static**
 The «static» format is a classic still picture (no animation).
- **full-motion video**
 The «full-motion video» is a self-contained spot.

Specifications

	static	full-motion video
File format	JPEG	MP4, MOV

Design tips

- Simple and clear message
- Distinctive colors
- Minimum font size 75 pixels

We would be glad to advise you on the creative implementation or to provide examples for inspection.

Production partners

We recommend that you work with a specialized production company for the creation of your advertising medium. We would be happy to send you a suitable offer or to provide a selection of possible production partners on request.

Technical check of digital advertising medium

Before delivering your digital advertising medium, please check it against our specifications.

- **static**
You can use the «XnView» tool for these checks. It can be downloaded at xnview.com . Open the JPEG file there and, using the «view» icon (or the key combination «Ctrl+Enter»), check if the features listed on the right-hand side are correct.
- **full-motion video**
You can use the «MediaInfo» tool for this check. It can be downloaded at mediaarea.net. Open the tool in HTML view and then check your file. The spot must correspond to the booked length.

Contact

Should you have any questions, please contact our digital logistics:

Phone +41 58 220 79 55

E-Mail: logistik.digital@apgsga.ch

Delivery

Please upload your digital advertising media to <http://www.apgsga.ch/myapg> **no later than 15 working days prior to the first broadcast.**
